Tourism Employment by Federal Electorate Census 2016

Tourism Employment is calculated in the Tourism Satellite Account by using the tourism share of Gross Value Added (GVA). The employment numbers are generated from the 2016 Census data from the Australian Bureau of Statistics.

Tourism & Hospitality Employment numbers are calculated by using the above methodology and adding the hospitality employment (and removing the hospitality employment counted into tourism).

Australian Chamber -Tourism

Australian Chamber – Tourism is a part of the Australian Chamber of Commerce and Industry, Australia's largest business advocacy network. Australian Chamber – Tourism represents one in eight Australian businesses engaged in the visitor economy. It brings together key participants in the tourism sector to advocate better policies, including in the areas of tax, regulation, tourism marketing, research, labour supply, visas and infrastructure.
